Chapter 1	Introduction	
	Welcome to Psychology	1
	What is Psychology ?	1
	<i>Philosophical Stage (Soul/Mind)</i>	2
	<i>Structural Stage (Consciousness)</i>	3
	<i>Behavioral Stage (Behavior)</i>	5
	<i>Modern Definition</i>	7
	<i>New Trend of Psychology</i>	10
	<i>Relation of Psychology with Other Social Sciences</i>	11
	Contemporary Perspectives in Psychology	13
	Application of psychology in everyday life	19
	Methods of Psychology	23
	<i>Descriptive Methods</i>	23
	<i>Prediction</i>	28
	<i>Cause and Effect Relationship: Experimental Method</i>	29
	Goals of Scientific Psychology	33
	❑ Questions	35
	❑ Critical thinking exercise	35
Chapter 2	Biological Bases of Behaviour	
	Bio-psychology	36
	Behavioural Neuroscience: a glance.....	37
	<i>Neural Communication</i>	38
	<i>Functions of the Neuron</i>	39
	<i>Components of the Neuron</i>	39
	Division of nervous system.....	42
	<i>Brain: Old Brain</i>	43
	<i>Spinal Cord</i>	49
	<i>Peripheral Nervous System</i>	50
	❑ Questions	55

Chapter 3	Sensation	
	Sensation.....	56
	What is Sensation?.....	57
	Attributes of Sensation.....	57
	Psychophysics.....	58
	<i>Sensory Threshold</i>	58
	<i>Sensory Adaptation</i>	60
	Sensory Processes	60
	<i>Vision</i>	60
	<i>Audition</i>	63
	<i>The Auditory System: The Ear</i>	64
	<i>The Chemical Senses: Smell and Taste</i>	65
	Body Senses.....	67
	❑ Questions	71
Chapter 4	Perception	
	What is Perception?.....	72
	Process of Perception	73
	<i>Receptor Process</i>	73
	<i>Symbolic Process</i>	75
	<i>Affective Process</i>	75
	<i>Unification Process</i>	76
	<i>Subliminal Perception</i>	77
	<i>Extrasensory Perception</i>	77
	Perceptual Organization	78
	<i>Form Perception</i>	79
	The Depth and Distance	83
	<i>Binocular Cues</i>	83
	Monocular Cues.....	83
	Perceptual Constancy	85
	Illusions.....	88
	<i>Types of Illusions</i>	88
	Delusions and hallucinations.....	92
	<i>Hallucination</i>	92
	❑ Questions	93

Chapter 5

Social Cognition, Social Behaviour and Social Influence

Social cognition	94
Social behavior	96
Persuasion	96
Reactions to persuasions: conditions related to attitude change	98
Attitudes	99
<i>Development of Attitudes</i>	100
Attitudes develop through a variety of sources	100
<i>Major Job Attitudes</i>	102
Prejudice	102
<i>Causes of Prejudice</i>	103
<i>Techniques to Reduce Prejudice</i>	106
<i>Effects of Prejudice</i>	108
Social Influence	108
<i>Conformity: Accepting the Views of the Public</i>	109
<i>Compliance</i>	113
<i>Destructive Obedience</i>	117
<i>Intense Indoctrination</i>	119
❑ Questions	120

Chapter 6

Learning

Definition of Learning	122
Characteristics of learning	123
What learning is not?	123
Theories of learning	125
<i>How do we learn?</i>	125
Classical Conditioning	126
<i>Basic Elements in Classical Conditioning</i>	127
<i>Conditioning Processes: Basic Principles</i>	129
<i>Applications of Classical Conditioning</i>	135
Operant Conditioning	137
<i>Major Phenomena of Instrumental Conditioning</i>	139
<i>Schedules of Reinforcement</i>	146

<i>Usefulness of Operant Conditioning</i>	149
Cognitive Theory	151
<i>Cognitive Map: Tolman's Sign Learning</i>	151
<i>Observational Learning: We look and we learn</i>	151
<i>Insight Learning</i>	158
Behavior Modification	160
❑ Questions	167
❑ Critical thinking exercise	168

Chapter 7

Memory and Forgetting

Memory: Input-output	169
How do psychologist describe memory process ?	170
<i>The Information Processing Model</i>	171
<i>The Stage Theory Model</i>	178
<i>The Levels of Processing Theory</i>	185
Factors Affecting Memory: Improving memory	186
Forgetting: The negative of remembering	186
<i>Causes of Forgetting</i>	187
False memories	194
❑ Questions	195
❑ Critical Thinking Exercise	195

Chapter 8

Thinking and Problem Solving

Elements of Thought	199
<i>Mental Images</i>	199
<i>Prototype</i>	200
<i>Concepts</i>	200
<i>Propositions</i>	201
<i>Reasoning</i>	201
Brain and Thought	202
Types of Thinking	204
<i>Creative Thinking</i>	204
<i>Autistic Thinking</i>	209
<i>Problem Solving Thinking</i>	209

Decision making: Choosing Between the Alternatives	213
<i>Preparation: Understanding and Diagnosing the Problem</i>	213
<i>Production: Finding Alternatives and Solutions</i>	214
<i>Judgment: Examining the Solution</i>	215
<i>Obstacles in Problem Solving and Decision Making</i>	215
Common Biases and Errors in Problem Solving	218
Confirmation Bias	219
Representation Bias – Judging by Resemblance	219
The Availability Bias	219
The Hindsight Bias	220
Over Confidence	220
Anchoring Bias	221
Escalation of Commitment	222
❑ Questions	222

Chapter 9

Intelligence

Intelligence	223
<i>Is Intelligence Unitary or Multifaceted?</i>	224
Group Factor Theory	225
Gardner's Theory of Multiple Intelligence	226
Triarchic Theory: Intelligence is Functional	227
Fluid and Crystallized Intelligence: Cattell's Approach ..	228
The Cultural Concept of Intelligence	228
Measurement of intelligence	230
Binet-Simon Intelligence Test	230
Stanford-Binet Intelligence Test and the Concept of IQ .	231
The Group Test	232
Wechsler Intelligence Scales	233
Individual Differences in intelligence	235
Mental Retardation	236
Mentally Gifted	238
Role of Nature and Nurture in Intelligence	239
❑ Questions	241

Chapter 10

Motivation

Characteristics of Motivation	243
The Motivational Cycle	243
Hierarchy of Motives	245
Types of Motivation	247
Physiological Motives	247
Psychological Motives	250
Theories of Motivation	252
Instinct Theory	252
Need Theory	253
Goal Setting Theory	253
Equity Theory	254
Incentive Theory	254
Drive Theory	254
Arousal Theory	255
Cognitive Approach to Motivation	256
Factors related to enhance motivation	257
❑ Questions	259
❑ Critical thinking exercise	259

Chapter 11

Emotion

Physiological changes	261
Cognitive Component (Experience)	262
Behavioral Component	263
Characteristics of Emotion	264
Emotion Dimensions	265
Functions of Emotion	267
Theories of Emotion	267
James Lange Theory (J.L. Theory)	268
Cannon Bard Theory	269
Schachter - Singer Theory: Cognitive Theory of Emotion	269
External Constraints on Emotions	270
Emotion and Health	271
❑ Questions	272

Chapter 12

Stress

What is stress?	274
Stressor: The Causes of Stress	275
<i>Environmental Factors</i>	275
<i>Organizational Factors</i>	277
<i>Individual Factors</i>	279
Consequences of Stress	280
<i>Physiological Consequences</i>	281
<i>Psychological Consequences</i>	282
<i>Organizational Consequences</i>	283
<i>Behavioral Consequences</i>	284
Stress and the Immune System: Psychoneuro Immunology	285
Individual Differences in Stress	286
Managing Stress	288
<i>Individual Approaches</i>	289
<i>Organizational Approach</i>	293
Learned Helplessness	295
❑ Questions	295
❑ Critical Thinking Exercise	296

Chapter 13

Human Personality

What is personality?	297
Determinants of Personality	298
<i>Biological Factors</i>	299
<i>Environmental Factors (Social Factors)</i>	301
<i>Cultural Influence</i>	306
<i>Situational Factors</i>	308
Personality Measurement	309
<i>Inventory or Self Report Inventory</i>	309
<i>Projective Tests</i>	312
<i>Situation or Behaviour Studies</i>	317
<i>Rating Scales</i>	319
Theories of Personality	319
<i>Type and Trait Approaches</i>	320

<i>Type Theories</i>	320
Personality Traits	320
<i>Gordon Allport</i>	321
<i>Raymond B. Cattell</i>	322
<i>H. J. Eysenck</i>	323
The Big-Five Model	325
Dynamic Approaches	327
<i>Dynamics of Behaviour</i>	327
<i>Personality Structure: The Structure of the Mind</i>	328
<i>Levels of Consciousness</i>	329
<i>Defense Mechanism</i>	329
<i>Psychosexual Stage</i>	330
Learning Approaches to Personality	332
<i>Albert Bandura : Social Cognitive Theory</i>	332
Humanistic Approach to Personality	333
<i>Carl Rogers : The theory of self concept</i>	333
<i>Abraham Maslow: Theory of Self Actualization</i>	335
❑ Questions	336
❑ Critical Thinking Exercise	336
Glossary	337
Bibliography	349
